## RIVER MOUNTAIN SCAVENGER HUNT

Ready to explore and have a little fun? Good.

The River Mountain scavenger hunt is a bit of geocaching, time capsules, guest books, good vibes, and hashtags. Yea.

Follow the clues below to uncover some of our favorite hidden gems around River Mountain. When you're near the right spot, keep an eye out for a weatherproof container. Open it up and discover some secrets inside. Add your own note or treasure for the next guest to see. For those that came before and those that will come after, tag your photo at each spot with **#myRiverMountain** so we can all stay updated on our favorite spots. Oh, and hey...we didn't get too crazy with this. All spots and containers are near pathways. No need to climb Warrior Ridge like a billy goat looking for a spot...let's go!

**Start At The Meadow Loop Trailhead, Across From The Main Lodge...**

### SPOT 1

Once the tallest around, the wind took it out and it fell down.  
Now its base rests as a gateway to the trail,  
waiting for someone to sit on top and share their tale.

### SPOT 2

There's a secret hideaway where only some have s'more.  
Don't cross the creek though, there's more to explore!

### SPOT 3

Don't worry, no need to fret,  
when walking the meadow, your feet won't get wet.  
Thanks to this thing you walk over, you're all set.

### SPOT 4

Hey! Since you're moving about,  
take a minute and go stretch it out.

### SPOT 5

Take the road less traveled and make the turn,  
toward the hideaway with all the fern.

### SPOT 6

It's not quite time to catch some ZZZ's,  
head west behind the cabins, pretty please!  
There's a spot where all paths converge,  
a quiet area, a place among the trees.

### SPOT 7

A moment to reflect after your wander,  
stare into the glass and ponder.
